

*The people of every country are full human beings, and not collateral damage to be subjected to massive bombing, invasions, occupations, the danger of nuclear war, and a program of “America First” that would bludgeon them into submission.*

## **This is some of what the Trump/Pence regime is doing, and says it will do, to *PEOPLE AROUND THE WORLD*:**

- Under Trump, there’s been a staggering increase in the number of civilians killed by the U.S. and its allies in Syria and Iraq—anywhere from 2,300 to more than 3,000 civilians, according to Airwars.org, figures including over 1,000 in March alone.
- Meanwhile, the American military has relaxed oversight, investigation, and accountability on civilian casualties.
- National Security Adviser HR McMaster announced Trump has ordered the military to “prepare all options because the President has made clear to us that he will not accept a nuclear power in North Korea.”
- Trump now has his finger on the nuclear trigger. During his campaign, he asked a foreign policy expert three times: If we have nukes, why can’t we use them?
- Dropped the MOAB—the largest non-nuclear bomb in history—on Afghanistan.
- Made a weapons deal worth an estimated \$350 billion with Saudi Arabia and explicitly supported their war in Yemen, which has led to 10,000 civilian deaths, massive famine, and a cholera epidemic.
