

implementing fascism. He is not normal – and that is *precisely the point*.

For this reason, the “normal ways” we are told to seek political redress – the elections, calling our senators, waiting for investigations, etc. – will *not* cut it. We, too, have to act in extraordinary ways!

Most of all, we have to mobilize people to step outside the confines of politics-as-usual – including protest-as-usual – and launch the kind of sustained, determined, and truly massive political outpouring and resistance that can drive this fascist regime from power.

It begins Saturday, November 4, in major cities and towns across this country – starting with many thousands and growing day after day and night after night until our demand is met: This Nightmare Must End: The Trump/Pence Regime Must Go!

We will come together from a great diversity of political perspectives and life experiences around our shared determination that *In the Name of Humanity, We REFUSE to Accept a Fascist America!*

Everyone needs to know about **November 4**, the day when thousands of people take to the streets with the demand:

***This Nightmare Must End:
The Trump/Pence Regime Must Go!***,
eventually drawing out millions and not leaving until this regime is gone.

Sincerely,

Refuse Fascism National Office Staff

THIS NIGHTMARE MUST END.

Millions feel this and ache with the question of how to stop this unrelenting horror. The stakes are nothing less than the future of humanity and the planet itself. Who will end this nightmare? We will.

Only the determined struggle of millions of people acting together with courage and conviction can drive this regime from power.

We are the ones who decide which future we get. In this crucial historical moment, we have the potential to create a beautiful future for ourselves and for future generations, but if we don't drive out this regime before it becomes too late, we will witness only horrors for humanity and the planet.
