This Nightmare Must End: The Trump/Pence Regime Must Go!

A Nightmare: Immigrants living in terror—their next step could mean detention, deportation, being torn from children and loved ones.

A Nightmare: Muslims and refugees demonized, banned and cast out.

A Nightmare: Millions—children, the elderly, the sick, the poor—denied healthcare, food assistance, the very right to live.

A Nightmare: Women objectified, degraded and denied the basic right to control their own reproduction with fundamentalist Christian fascism increasingly being made law.

A Nightmare: LGBTQ people stigmatized, ostracized, and denied civil rights recently won.

A Nightmare: Black and Latino people openly threatened by the President, with maximum sentencing, stop-and-frisk going national, intensified police brutality and murder of our youth with no holds barred.

A Nightmare: People all over the world facing bombings, occupations, war and the threat of nuclear war with Donald Trump's "America First" finger on the nuclear trigger.

A Nightmare: The truth bludgeoned—lies and more lies—critical thinking being destroyed in education and public discourse.

A Nightmare: The whole planet in peril from a regime that denies global warming and shreds all environmental protections.

A Nightmare: A regime step by step discarding basic democratic rights, targeting group after group, and suppressing dissent and resistance. A regime unleashing the violence of white supremacists, anti-semites and fascist thugs. **This is fascism—a qualitative change in how society is governed. History has shown that fascism must be stopped before it becomes too late.**

THIS NIGHTMARE MUST END. Millions feel this and ache with the question of how to stop this unrelenting horror. The stakes are nothing less than the future of humanity and the planet itself.

Who will end this nightmare? We will. Only the determined struggle of millions of people acting together with courage and conviction can drive this regime from power.
