ANSWERS [from refusefascism.org website “7 Indictments: The Crimes against Humanity of the Trump/Pence Regime]

1. d. Hate crimes against Muslims in the U.S. in the first 6 months of 2017 spiked 91% compared to the first 6 months of 2016?
2. True. Betsy DeVos, head of Dept of Education rolled back investigations of civil rights abuses in public schools against people of color, women, and LGBTQ people.
3. b. 861. Just ten of those standards save more than 10,000 lives and prevent 300,000 cases of illness and injury each year. Some of them are: drinking water standards for radon and lead, ozone and methane emission limits, and air-quality standards for hazardous chemicals.
4. d. All 11 million undocumented people regardless of criminal record
5. b. Sessions halted consent decrees that address egregious police abuses (overwhelmingly against Black and Latino people), such as in Baltimore and Ferguson.
6. d. all of the above.
7. a. The U.S. military dropped the world’s largest-ever non-nuclear bomb, nicknamed the “mother of all bombs” weighing 11 tons in April on Afghanistan which the US has been waging war against for 16 years. Trump called MOAB “another, very, very successful mission.” The U.S. is currently waging war in one form or another on Afghanistan, Iraq, Syria, Yemen, Libya, and Somalia.
8. c. In the Chicago area in the last week, Nazi slogans and swastikas were found defacing a church in Oak Park, and defacing sidewalks and buildings in Lincoln Square/Ravenswood. These are clearly meant to deliver hateful, racist, threatening messages. **Hundreds of people came out this past weekend in both neighborhoods to stand against this.** (See dnainfo.com/chicago and chicagotribune.com) This followed on the heels of white supremacists marching in August in Charlottesville, VA with torches reminiscent of the KKK, some with weapons, against the taking down of a Confederate monument.
