December 2017

Dear friend,

Together we have accomplished a lot in the past year — but the Trump/Pence Regime's existential danger to humanity continues to grow. RefuseFascism.org is not stopping, and we need your support now.

This is a crisis. Despite what many may wish, the Trump/Pence Regime is far from imploding. Meanwhile, the Democratic Party leadership is muzzling any serious talk of impeachment. Today we see clearly that the character of fascism is that it can absorb separate acts of resistance while continually throwing the opposition off balance by rapidly moving its agenda forward.

RefuseFascism.org has stood out as the one national organization that has consistently identified this Regime as fascist and recognized that the people must take it upon ourselves to drive this regime from power. We cannot wait for some politician or leave it to the very courts that Trump is both undermining and packing with fascist judges.

Instead, we have been mobilizing the people to go into the streets with the single unifying demand:

This Nightmare Must End: The Trump/Pence Regime Must Go! We are working towards the time when thousands will grow to millions, coming back day after day – in massive, sustained, and nonviolent political protest until this demand is met.

We have made a very important beginning: sounding the alarm, participating in every major protest, hosting teach-ins, meetings and socials, and bringing forward thousands of people. Still this fascist regime continues to subvert the separation of powers and dismantle safeguards to the environment. It is normalizing sexual predation and undermining newly won rights for LGBTQ people. It is vilifying Black and Brown people, criminalizing Muslims and refugees, and threatening North Korea with nuclear annihilation. Through it all, it is demonizing the press and undermining the very concept of truth. **All this poses sharply the necessity – and the basis – to win millions to act on our demand.**

Yet, most people who will be part of this movement do not yet know about **RefuseFascism.org**.

With your help, we can change this.

As Trump threatens “fire and fury like the world has never seen,” with his finger on the nuclear trigger – it is urgent that millions learn of RefuseFascism.org. History has shown that fascism must be stopped before it becomes too late, and that only the people can stop this nightmare. While group after group is demonized, others “get by” and go about their daily lives. The unthinkable becomes routine and the abnormal becomes normal. It may only take a single incident—intentional or not—for this regime to “drop the hammer.”

On November 4, 4,000 of your brothers and sisters protested with courage and conviction in 20+ cities defying waves of fascist lies, threats of rape and death, and even armed white supremacists in some places, demanding: ***The Trump/Pence Regime Must Go!*** In the name of HUMANITY, we must build on this together— to do so means that thousands more need to join us in the streets.

Your gift amplifies our message – with ads on social media, outreach to students and youth, stickers, banners, posters and other print materials – drawing forward thousands and soon millions more people into this great cause.

Your gift enables our National Office to function – knitting together the efforts of chapters and organizers in dozens of cities and providing real-time leadership, organizing resources, and experience in a complex and fast-changing political terrain. Committed people are the most important and dynamic factor of this movement, and marshaling this requires a national nerve center.

Your gift means that we can continue to send teams to national flash points – like when we went to Charlottesville to protest the white supremacists and fascists, sent dozens of volunteers to DC to mobilize protests in the weeks leading to Trump's inauguration, or sent an organizing tour through the Deep South and to the U.S./Mexican border to involve people nationwide in driving out this Regime.

Your gift helps keep our website secure, especially important as we are repeatedly targeted by fascists seeking to interfere with our ability to reach millions. We refuse to let them stop us!

Your gift enables us to spread the NO! and other critical materials. Millions feel it viscerally: this nightmare must end. The NO! symbol has become a unifying force and message on the streets and online. Printing is one of the movement's biggest expenses.

Your gift joins you with thousands of others around this country fighting to win.

If the Trump/Pence Regime is not driven from power, it will continue to launch new highly repressive measures, eventually clamping down on all resistance and remaking the law. Only the people taking to the streets in mass, nonviolent, sustained political mobilization can stop this nightmare.

Will you consider making a gift today to help us get the word out about RefuseFascism.org and to achieve this tremendous goal?

NOW is the time to reach deep into our reserves to drive out this regime before it becomes too late. Because you care about the future of the planet... because you don't want to live in a country led by a boastful sexual predator and Christian fascist theocrat... because you know that no positive change comes without a mass movement in the streets, and that silence is complicity... your support is key.

Thank you in advance for joining the movement with your gift to HUMANITY. We look forward to seeing you in the streets.

In solidarity and hope,

for REFUSEFASCISM.ORG

P.S. Donate because the future is unwritten—which one we get is up to us.
