

Women and LGBTQ people are full human beings, not objects to be grabbed, demeaned, victimized, and denied their fundamental right to control their reproduction, and how they choose to live.

This is some of what the Trump/Pence regime is doing, and says it will do, to *WOMEN* and *LGBTQ PEOPLE*:

- Promised to appoint Supreme Court justices who would overturn the *Roe v. Wade* Supreme Court decision legalizing abortion; appointed Neil Gorsuch.
- Endangering the lives of millions of women who rely on Medicaid and Planned Parenthood for lifesaving cancer tests, maternity care, and birth control; and attempting to make birth control more difficult for women to obtain.
- Slashed funding to combat HIV/AIDS in the world's poorest countries by 17 percent.
- Completely cut off funding to women's healthcare globally that provided access to birth control.
- States are passing one anti-abortion law after another, including a bill in Missouri that would allow employers to fire women who use birth control and landlords to evict women who have an abortion or are unwed mothers.
- Trump took down the Office of National AIDS Policy website the day he took office, and there has been no replacement.
- Former officials of that office said Trump and Pence "[push] legislation that will harm people living with HIV and halt or reverse important gains made in the fight against this disease."
- An unrepentant sexual predator, Trump, in office repeatedly tweets degrading, violently misogynist attacks on women.
