

Trump Is Already Stealing the Election **WE NEED to VOTE,** **BUT TRUMP WILL NOT be** **STOPPED JUST by VOTING!**

This is the time to be in
the streets demanding

Trump/ Pence Out NOW!

*We face a rolling coup — a theft of an election — heading to a showdown
November 3.*

Black and Latinx people forced to stand in line 12 hours to vote. Mail-in drop off locations shut down during a pandemic. Armed white supremacist MAGA militias being mobilized to intimidate. NOW IS THE TIME TO STAND TOGETHER IN THE STREETS AND PUBLIC SQUARES, CONTINUING THROUGH THE ELECTION AND AS LONG AS IT TAKES, TO STOP A FASCIST COUP.

We must vote in big numbers. But, the reality is that voting alone will not stop Trump. The illegitimate rushed confirmation of Amy Coney Barrett, a theocratic fascist, to the Supreme Court is for the immediate purpose of throwing the election to Trump should he lose. **This is an outrage that cannot stand! Trump and Amy Coney Barrett have refused to commit to a peaceful transfer of power.**

Coups... thefts of power... are stopped when people:

- [1] plan and act BEFORE the coup... and
- [2] build in the streets the unity and determination while working together... and
- [3] establish before the eyes of the world the righteousness of their demand.

This is what we accomplish by being in the streets every day before the election.

We must not be intimidated by the relentless barrage of hatred and threats from Trump's rallies. We must not be lulled by polls"showing that Biden is winning. And while we must vote, we must *not rely on voting alone as the Trump/Pence regime steals the election.*

We must *overwhelm* this fascist regime and movement with our mass non-violent protest. If we unite and rise like we did in the spring for Black lives, coming back day after day – united by the demand *Trump/Pence OutNow!* and refusing to stop till they're gone – we can change the political situation. Our numbers, our diversity, and our heart for humanity can sustain us through whatever the Trump/Pence regime tries to do to remain in power. As we grow, we will inspire millions more to join this great struggle, until those in power are compelled to concede to our single demand that the regime must go.

Every day, come one and all into the streets & public squares for mass non-violent protests to demand Trump/Pence Out Now!

We do not comply with a regime:

putting targets on the backs of Black, brown, and Native people
denying women control of their bodies
forcing LGBTQ people back into the closet

We do not accept:

a society ruled by hate and bigotry, ignorance and brutality,
demeaning and cursing other peoples and countries
and threatening them with destruction

There can be:

no more children torn from parents and locked in cages,
no more fire and fury from the mouth of a demented bully
with his finger on the nuclear trigger,
no more mass COVID death from science-hating lunacy
no more "law and order" of official terror by
bullets, batons, and tear gas

No longer can we live with:

howling mobs resurrecting Jim Crow
fascist thugs attacking our protests
the right to vote stolen by defenders of the Confederacy
We will not worship the flag or accept a theocracy.
We will not become collaborators on a march to a racist genocide.
We will not hand the future to scorchers of the planet.
4 more years, 4 more months, and it could be too late to
change the course of history as the Trump/Pence regime
sabotages the election and drags humanity to the edge of extinction.

Here and Now, we pledge to unite in our millions rising together in nonviolent resistance to stop a great horror. We pledge to stay in the streets, overcoming fear and uncertainty, until this American fascism is brought to a halt. We pledge our determination to prevail over a regime that imperils the people of the world and the earth itself.
