

**WHITE SUPREMACY + VOTER INTIMIDATION AND VOTE
STEALING = FASCISM!
TRUMP/PENCE OUT NOW!
DEFEND THE RIGHT TO VOTE!**

Not since the days when the KKK murdered Black people who tried to register to vote have we seen anything like this. The right that people shed their blood to win is under attack from Trump and the fascist Republican Party.

These white supremacists are trying to steal the election. **WE MUST STOP THEM!**
Over the next 9 days join us in non violent action to thwart the attempts of the
Trump/Pence regime to block Black, Latino and Indigenous people from voting.

People are acting in opposition to this. Black and Brown people all over the country are coming out early to vote. All kinds of groups are filing suits and fighting in the courts. Others are preparing for election day itself, to protect people's right to vote against Trump's fascist marauders.

**We support these efforts. Voting is essential. But VOTING WILL NOT BE
ENOUGH.** These next nine days before the election we in Refuse Fascism are organizing to:

Sound the alarm about the nature of the threat – by getting this statement out far and wide.

Beginning this week, we will go where the Trump/Pence campaign is throwing obstacles in the way of people trying to vote; we will engage in dramatic non-violent action that thwarts the regime's attempts to intimidate voters and enables people to exercise their right to vote.

Join on election day with many others to protect the right to vote as part of refusing to accept this fascist regime in any way, shape or form.

You are needed to be part of this. Join with us to go to the battleground states beginning this week.

TRUMP/PENCE OUT NOW!
