For the lives of people here and around the world, we must not be silent.

SILENCE=COLLABORATION. We must refuse to go along with their fascist agenda and not capitulate to their economic blackmail and terrorizing arrests.

NO! We must fill the streets and town squares in rising numbers — not stopping until we become millions — not relenting until this regime is no longer able to implement its program.

If you're furious with the heartlessness and cruelty of MAGA and hate everything Trump stands for, then **on April 5 get out and PROTEST!** The groups 50501, *Indivisible* and others are organizing demonstrations demanding **Hands Off!** all the ways our lives are under attack. It is righteous and important to fight these attacks.

At the same time, we must take the offensive against the fascist regime: as a whole, or we will always be playing defense on ever shrinking ground as Trump radically changes the way this country is ruled.

Fascism is not a curse word... it is a radically oppressive and repressive form of rule... Fascism means the rule of law is shredded. Civil and democratic rights are eliminated. Dissent is piece by piece criminalized. The truth is bludgeoned. Group after group demonized and targeted along a trajectory that leads to catastrophe...

No more of our immigrant neighbors stolen in the night and shipped to high-tech concentration camps. We refuse to live in a society where the fight for equality of all people – no matter their race, gender, sex, nationality, or immigration status is mocked, vilified, and even forbidden.

No election, fair or fraudulent, legitimates fascism. Waiting for the next elections will be too late... NO! We must organize and struggle as we never have before now... We must become millions in the streets not allowing business as usual when that business is cementing fascist rule shoving the vilest degrading morality down our throats.

**We Pledge—In the Name of Humanity,
We REFUSE to Accept a Fascist America!**
