Trump launched an illegal attack on Iran, and threatened more “tragedy” to come...

Trump is deploying troops on US soil, arresting and threatening elected officials, and violating basic rights...

Trump Fascism means ICE raids terrorizing and disappearing immigrants...

Trump Fascism means open white supremacy, hatred of women and erasure of LGBTQ people...

—Join Us to Declare Our Independence from Trump's Fascist America—

This July 4th cannot be a celebration of Trump's Fascist America. It must be a day to join our voices to demand TRUMP MUST GO NOW, in front of the White House and throughout the streets of this country – in a collective shout heard around the world.

We stand on a precipice – the Trump fascist regime has rejected the rule of law and deployed the US military and massive Gestapo-like force against the people. And in bombing Iran, in violation of US and international law, Trump has begun a war that threatens the future. We either build serious mass nonviolent struggle now or face being set back.

We pledge that we will build on the strength of millions who took to the streets on June 14th against Trump's military parade, and advance toward a day of "Making Good Trouble" on July 17th – and beyond that to forge a fierce, unrelenting, nonviolent struggle that makes it impossible for Trump to govern the country, impose his fascist program, or hold onto power.

This is how hated tyrants have been driven out all over the world and it is what we must do here – not allowing our power to be diverted into elections in 2026 or 2028 that will be too late to stop the consolidation of fascist rule. Trump has shown, with threats and action, that he will not accept any restraints on his power to lock in a terrible future – with the largest military and nuclear arsenal at his fingertips.

**NO! The time to act is now.
Now is the time for Trump to go.**
