*We are in an Emergency Situation:* **NO MORE BUSINESS AS USUAL!**

# **SHUT DOWN ICE NO MILITARY OCCUPATION SHUT DOWN THE WHOLE TRUMP FASCIST REGIME TRUMP MUST GO—NOW!**

The Trump regime has turned Los Angeles into a test case for full-blown fascism—ramping up ICE Gestapo terror, deploying Marines and the National Guard, attacking protests while threatening to arrest the mayor and governor... With the Big Fascist Bill, ICE will be an occupying military force controlled by Trump and deployed to an even greater extent nationwide.

**This is fascism.**

**And it's not just L.A. It's the country —  
and the future — they're coming for.**

Already:

- Immigrants are disappeared in broad daylight.
- Trump threatens to de-naturalize U.S. citizens.
- The Supreme Court has put Trump above the law and the U.S. Constitution.
- MAGA fascists celebrate sadistic concentration camps like "Alligator Alcatraz."
- The regime vows to crush sanctuary cities and take over Democratic Party strongholds by force.

***Our rights, the lives of millions of  
immigrants and others, and the future  
of humanity are in cardiac arrest. We  
need emergency intervention now.***

The brave people in LA have stepped up—immigrants and allies standing shoulder to shoulder, braving tear gas and rubber bullets, to stop ICE raids, block deportations, and say no to military occupation. This mass nonviolent defiance must grow in size and determination and DEMAND that Trump Must Go Now! The fighting spirit must spread—across the city, across the country—to everyone who refuses to live in a fascist America.

**There can be no business as usual when that  
business is cementing fascist rule.**

We must act now in ways that grow into **mass noncompliance and nonviolent resistance**—millions refusing to go along with the fascist program, making it impossible for the regime to carry out its horrors; impossible for Trump to govern this country; and impossible for him to hold onto power.

Starting now, build up networks and develop forms of nonviolent resistance, and model the kind of struggle that is needed, actively and concretely preparing for the time that must come soon when millions are acting together to grind the machinery of the Trump regime to a halt, refusing to stop until the regime is removed from power

Mass refusal and noncompliance means people from all walks of life disrupting business as usual. Imagine truly massive numbers of people walking out of work and school, refusing to follow fascist orders, nonviolently overwhelming ICE's ability to violate people's rights and lives, defying censorship, and flooding the streets with our righteous fury and love for humanity.
