

STAND UP IN DC AND EVERYWHERE!

NO FASCIST TAKEOVER OF DC

NO MILITARY OCCUPATION OF OUR CITIES HANDS OFF OUR YOUTH

NO NAZI CLEANSING OF "THE HOMELESS"

TRUMP MUST GO NOW!

**Mass Protest Saturday, August 16 in Washington DC:
2PM @ Dupont Circle then March to the White House**

The Trump fascist regime has federalized the DC police, deployed the National Guard and the FBI to patrol DC streets, and threatened more military force to control and intimidate DC — while ICE continues to carry out Gestapo terror on immigrants.

This is marshaling the key armed forces of repression against the people, a serious escalation of Trump's fascist control of the capital and the country. *It must be met with massive, overwhelming, united, nonviolent resistance from every corner of society.*

We are facing fascism—eliminating rule of law and all dissent and crushing Democratic Party strongholds through brute force. And Trump is backed by a whole bloodthirsty fascist regime that will not stop until everyone they hate is disappeared or subservient. WE CANNOT ALLOW THIS. Military Out of DC! Trump Must Go Now!

To justify his illegitimate power grab, Trump is spreading lies about crime rates, but crime rates in DC have declined, and the highest murder rates are in states led by Republicans. DC's most dangerous criminal is in the White House—Trump, a genocidal racist tightening his grip on power.

Trump is spewing code words against Black youth, substituting "caravans of mass migrants" with "caravans of mass youth," with a violent call to "knock the hell out of them." Trump is making Nazi-style plans to rid DC of homeless people and "slums." He is verbally attacking and undermining the power of Democratic elected officials, starting in LA, now in DC, and threatening New York City and Chicago. We must bring forward the force of the people—the force that can stop this through nonviolent protest and noncompliance that shuts down the ability of this regime to carry out its fascist program or even hold onto power. We must unite and not divide...urgently mobilizing to drive this regime out of DC and *out of power* — not in 2026 or 2028. *Right now.*
