

# ONE YEAR OF TRUMP 2.0 A YEAR OF LAWLESS MURDER AND BOUNDLESS TERROR THE POWER OF THE PEOPLE MUST DRIVE OUT THE TRUMP FASCIST REGIME!

On January 7, one of Trump's ICE Gestapo goons murdered Renee Good in cold blood. Despite all the evidence, the Trump regime has doubled down on justifying this killing, essentially claiming that Good, an unarmed woman who posed no threat, deserved to be shot down for daring to oppose what ICE was doing to her neighbors.

From Venezuela to the streets of Minneapolis, the Trump regime murders with impunity and demonizes whole peoples and countries without any pretense of the rule of law. This is open brutal terrorism to enforce a fascist regime of white supremacist, patriarchal, and xenophobic oppression and vengeance.

The first few days of 2026, which have seen the Trump regime illegally bomb Venezuela, kidnap its president, threaten the sovereignty of more countries, and murder a civilian in the streets, have brought this home in blood and should dispel any complacency.

This regime will not be bound by any law or measure of decency that stops them from carrying out their aims. It is:

- Carrying out the genocidal ethnic cleansing of non-white immigrants, rounded up and sent to concentration camps by lawless masked men
- Unleashing war and terror abroad
- Moving aggressively to crush dissent at home
- branding anti-fascist protesters and political opponents as "domestic terrorists," laying the groundwork for mass repression.

**SHREDDING ANY RULE OF U.S. OR INTERNATIONAL LAW, and getting away with it over and over, is paving the way for horrors that surpass those of the Nazi regime.**

The protests in Minneapolis and across this country have been righteous and inspiring. They must grow. ICE must be met with massive non-violent opposition everywhere.

And we must join our righteous fury in the streets with the only demand that truly measures up to the threat this regime poses to all of humanity:

## TRUMP MUST GO NOW!

This is fascism. "Fascism" is not a curse word. Fully imposed, it is a different form of brutal rule over the people of this country, with devastating impact on the people of the world.

No community is safe while the fascist Trump regime controls federal agencies and consolidates power. There is no restraining or abolishing ICE when Trump's attacks on immigrants are the battering ram and linchpin of his fascist program. To stop ICE terror—and every outrage of the last year—the whole regime must be stopped.

Nothing but massive, sustained, nonviolent struggle by you and millions of others can do that:

by walking out.

by shutting down.

by rising again and again in unrelenting nonviolent protest and resistance.

by coming back stronger in the face of attack and repression.

by uniting across many viewpoints and backgrounds.

We must not wait for future and rigged elections.

**The power of the people must drive the Trump Fascist Regime out of power —before it is too late.**
