

ON NO KINGS DAY, 2026 SEE IT CLEARLY. ACT ACCORDINGLY:

1. Fascism is not a looming threat. It is upon us now.

The Trump regime is shredding fundamental rights and the rule of law, resurrecting genocidal white supremacy, disappearing immigrants into camps, murdering civilians in the streets, demonizing whole peoples and nations, kidnapping and killing leaders of sovereign nations, branding anti-fascist protesters as “domestic terrorists,” deploying the military on U.S. soil - while erasing LGBT people, gutting science and accelerating climate collapse, paving the way for boundless terror against the people, targeting everything that is decent, moral and good. All at the whim of a debased lunatic tyrant.

2. Trump’s war of aggression against Iran is illegitimate, illegal, and immoral. It Must Be STOPPED!

Just as Trump rules through illegal illegitimate thuggery domestically, the Trump fascist regime is committing war crime after war crime, trampling international law.

If you don’t see the accelerating danger of global - even nuclear - war, you are sleepwalking. The streets of this country should be filled with protest at every murderous assault on the people of Iran. In the name of HUMANITY, we cannot allow a fascist madman to keep his finger on the nuclear trigger for another day.

3. Relying on the Democrats is a deadly delusion!

The Democrats will not wage the fight needed to defeat fascism—now or in the future.

They whine about protocol and argue for being included. NO! Trump’s fascist onslaught is shredding norms and law and must be met by massive nonviolent resistance. Putting faith and all the people’s energy into the midterms is a dangerous miscalculation. The regime is stealing the election right now, and is highly unlikely to accept a loss that could jeopardize their tightening grip on total power. Nobody should expect the tyrant who incited January 6th to respect an election he loses. We must rely on ourselves!

THE TRUMP FASCIST REGIME MUST BE DRIVEN FROM POWER!

The force that can defeat Trump fascism is millions of decent people rising in sustained, nonviolent resistance so powerful we create a political crisis that makes this regime unable to govern or hold power. This is possible. Get organized with Refuse Fascism.
