

Refuse Fascism Calls on you to **Act on the Truths We Already Know!**

The *TRUTH* is:

The Trump/Pence Regime is a FASCIST regime.

For the future of humanity and the planet, we, the people, must drive this regime out.

The *TRUTH* is:

The Trump/Pence regime is doubling down and escalating its repressive measures, its threats against the press, its budget of starvation and murder by medical neglect, its remaking of the laws, and its further whipping up the violent atmosphere in which its supporters carry out intimidation, threats, and even murder. A KKK-style torchlight march in Virginia, threats of lynching from a state representative in Mississippi, a fanatical Trump supporter murdering two men in Portland because they defended a young woman in a headscarf and her friend from his harassment. They pulled out of the Paris Climate Agreement, ratcheting up the destruction of our planet.

The *TRUTH* is: **It's on YOU – and all of us together – to act now to drive out the fascist regime, before it is too late.**

We must take history into our own hands. Stopping the mounting crimes of the Trump/Pence fascist regime and the mob it has unleashed cannot wait until 2018 or 2020, it cannot wait for investigations or Congress. We must stop their crimes now – and in the process we must build the strength to drive the whole fascist regime out of power. Everywhere the regime officials show their face, they must be hounded, protested and confronted. Every new crime must be met with growing resistance. Every fascist threat, attack, and mobilization must be taken on by growing waves of people who refuse to be intimidated. We must not wait until its too late.

Spread the NO! everywhere: on t-shirts, stickers, yard-signs, and more. Take up the unifying demand: In the Name of Humanity – We REFUSE to Accept a Fascist America! Drive Out the Trump/Pence Regime! Sign and spread the Call to Action to every corner of society.

Get ORGANIZED: Work with all your creativity and determination toward the time when millions of people can be moved to fill the streets of cities and towns day after day and night after night, declaring this whole regime illegitimate – Demanding, and Not Stopping, Until the Trump/Pence Regime Is Driven from Power.

Join, or align your group with, RefuseFascism.org, a movement for everyone coming from a great diversity of perspectives who refuse to accept a fascist America.
