**U.S. Holocaust Remembrance Day**

**NO! 1933 – 2017: Never Again!**

**Never again will we allow another Holocaust to happen to any people.**

**Drive Out the Trump/Pence Regime.**

To all Holocaust survivors; their families, relatives and friends; and those who deplore the thought of any future Holocausts or genocide against any peoples anywhere;

To people everywhere who stand with the Muslims, the Mexicans, the refugees, the immigrants from everywhere that have been vilified and targeted by the Trump/Pence regime in ways that echo the demonization of Jews and other groups in Nazi Germany;

To all those people who detest white supremacy, misogyny, or xenophobia and do not want to see a repeat of “make Germany whole again”;

To all those people who refuse to accommodate, refuse to conciliate, refuse to collaborate with the Trump regime;

To all those people who despise and fear the Trump regime and want to see it driven out;

Join Processions across the country on April 24, Holocaust Remembrance Day, from Holocaust Museums and Memorials to ICE immigration detentions centers. In Washington, DC, dressed in the clothing of the concentration camp prisoners, we will present Homeland Security head John Kelly with the Adolf ICEman Award. (This award is named after Adolf Eichmann, who was in charge of the Nazi concentration camps.)

Join us in wearing the NO! Everywhere ... on T-shirts, jackets, uniforms, hats... In Germany, Jews were forced to wear the Yellow Star of David, political prisoners the red triangle, homosexuals the pink triangle, and all the other triangles. We proudly choose to wear the NO! to symbolize opposition to the Trump/Pence regime and its efforts to brand any new group of people as ‘undesirable’.

Post the symbol of NO! Everywhere ... on storefronts, school bags, synagogues, mosques, churches, lunch pails, billboards, newspaper stands, house windows, online... and link up with millions of people to express the need to DRIVE OUT the FASCIST TRUMP REGIME before it is able to fully consolidate its fascist plan and normalize the attacks and wars on Muslims, immigrants, women, LGBTQ, people of color, and destruction of our planet.

After the Holocaust, millions said, “Never Again!” If “Never Again!” Is going to continue to mean anything, it has to mean something now – when immigrants, Muslims, and people all over the world are being threatened by the Trump/Pence fascist regime in the most powerfully militarized country on earth.
