To all who agonize and rage at what's being done to the people, protest and demand:

THE TRUMP/PENCE REGIME MUST GO!

In the Name of Humanity, We REFUSE to Accept a Fascist America!

Immigrants are full human beings, not “illegals” or criminals, to be demonized, terrorized, hunted down, locked up and thrown out. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime ... they must GO!

Muslims and refugees are full human beings, not people to be shunned, banned, and cast out to be swallowed up by oceans and wars. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

Women and LGBTQ people are full human beings, not objects to be grabbed, demeaned, victimized and denied their fundamental right to control their reproduction, and how they choose to live. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

Black and Latino people are full human beings, not people to be denied the right even to live, gunned down by the police with impunity, incarcerated in genocidal numbers, and denied basic rights. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

The people of every country are full human beings, and *not* collateral damage to be subjected to massive bombing, invasions, occupations, the danger of nuclear war, and a program of “America First” that would bludgeon them into submission. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

The children, elderly and poor of this country, as in every country, should have food for sustenance, health care to live, homes to live in, and *not* be denied with cruel calculation for the benefit of the few. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

The earth and the species who inhabit it – including humanity – should sustain life and *not* be despoiled by ignorance, greed, and the disregard of science. NO! We will not accept the cruel and brutal future of the Trump/Pence Regime . . . they must GO!

IN THE NAME OF HUMANITY: THE TRUMP AND PENCE REGIME MUST GO!

Only the people acting together in the streets and public square can force this demand before the world. Should we fail to do so, the future and values we aspire to could be brutally cut short by the actions of the Trump/Pence Regime.

The Trump/Pence government has been step by step criminalizing dissent and bludgeoning the truth with worse to come. Stripping away basic rights and the rule of law is at the core of fascism. Group after group is demonized and targeted along a trajectory leading to real horrors. We must not let this be normalized. History has shown that fascism must be stopped before it becomes too late.

The demand: “The Trump/Pence Regime Must Go,” can unify people and our resistance. There are different programs of struggle against the multiple attacks of the Trump/Pence regime, people have diverse views for how to achieve a better future, and all of this should be aired, shared, and debated. But, if we don’t stop the consolidation of fascism by organizing together to demand that the Trump/Pence regime must go, people’s lives here and around the world, and the earth itself will face greater catastrophe.

On July 15th “The Trump/Pence Regime Must Go,” must be spoken, shouted, and acted on with fiercely creative determination. We have righteously marched for women, for science, for the climate, for immigrants, for Black Lives, for LGBTQ Pride. Now the resistance must pull together to drive this regime from power. Now is the time to act. The scandal and turmoil the regime faces is an opening through which the mass action of the people could burst through and make our demand resound throughout the country, in the halls of power, and around the world.

July 15th must be a day when every person, every group – religious, community, service, political organization – all who feel the tremendous threat to humanity posed by the Trump/Pence regime – stand together showing the world that people here are determined that this regime must go ... not in two years or four, but now.

July 15th must mark a leap to more sustained struggle, inspiring people to see the possibility of ousting this regime through unleashing the tremendous power of the people – aiming for the time when millions can be moved to fill the streets of cities and towns day after day and night after night, declaring this whole regime illegitimate – Demanding, and Not Stopping, Until The Trump/Pence Regime Is Driven from Power.

On July 15, with conviction and courage, overcoming fear and uncertainty, we will act together to resist and say NO!... Not for ourselves alone, but in the name of humanity.
