

Outreach Tips for July 15th Trump/Pence Must Go

Demonstrations:

- Wear your NO! Shirt whenever you do outreach or wear NO! Stickers [both are available on our NO! Shop]
- Post flyers and posters in in coffee shops, bookstores, libraries, etc
- Go out to crowds and gatherings of people – at festivals and markets, public transit, religious congregations, and other places with July 15th flyers, signs, and banners.
- Even two people going to an ICE facility, for example (many examples could be given), and challenging employees there as to whether and why they are going along with this regime’s fascist assault on immigrants – filmed and popularized on social media – could have a very powerful impact and unleash more of the same across the country.
- Contact organizations: email, call, or send a social media message to religious, community, service, and political organization – all who feel the tremendous threat to humanity posed by the Trump/Pence Regime and who can be won to stand together to show the whole world that people here are determined that this regime must go. Some suggestions for groups to reach out to include: groups who mobilized against the June 10th anti-Muslim rallies, anti-police brutality groups, legal groups like ACLU, LGBTQ service and advocacy organizations, environmental groups, immigrants rights organizations, religious congregations, student groups, Indivisible chapters, Women’s March groups, and Impeachment March groups.

Ask others for donation: One of the most meaningful ways that people can strengthen this movement is to DONATE funds for materials, protests on the 15th, the National Office, and many other needs. We have a new crowd-funding campaign on GoFundMe.com for Refuse Fascism, with a goal of \$150,000 <https://www.gofundme.com/trumprenceregimemustgo>

Take pictures and video to spread your efforts and build momentum on social media. See refusefascism.org for a Digital Organizers Kit.
